

Vision Fitness is pleased to offer an improved and upgraded Premier console, featuring numerous tools, display options and entertainment features to help you reach your fitness goals faster!

- Advanced, full-color LCD with large, easy-to-use buttons minimizes your set-up time while clearly giving you the feedback you need to complete your workouts.
- Four additional sculptor programs, including Total Body, Glute Burn, Calf Toner and Quad Toner, target additional muscle groups to help you get the most out of your workouts.
- Upload a slideshow of 10 personal pictures via the USB port—keep those “before” pictures front and center to stay motivated!
- Track your success by uploading each workout to **LIVESTRONG.com**, where you can track fitness results, maintain a daily food diary and access numerous other health and nutrition tools to change your life.
