## *ST710* multi-station gym

Space is not an issue with this innovative multi-station gym, designed to fit into virtually any corner of a room.

- Three work stations operate from two weight stacks, allowing multiple users to work out simultaneously
- Durable, long-lasting chrome and powder-coated steel frame is designed to resist scratches and provide years of worry-free performance
- Double-stitched Boltaflex® upholstery over 2-inch high-density foam provides durability, lasting comfort, and support

VISION  FITNESS®

Instructional placards define exercise operation

Adjustable chrome uprights have visible etched numerals that identify 21 various exercise positions

Multiple-position footplate has a diamond-plated surface to help prevent slipping during leg press exercises

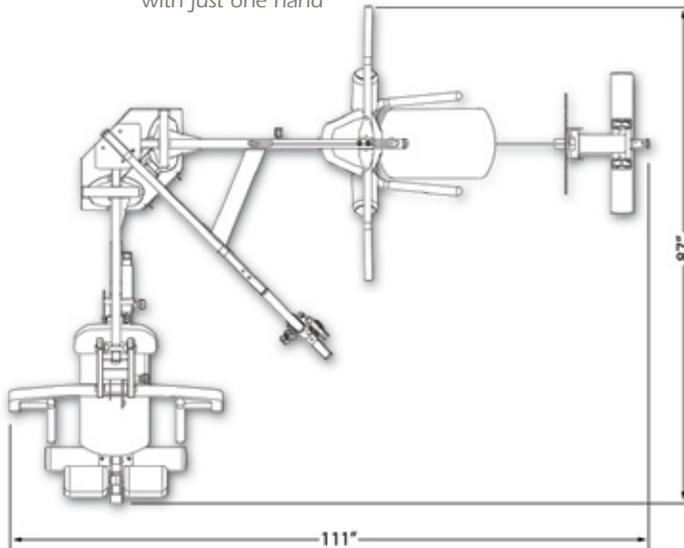

Vertical adjustment accommodates a more diverse population

Comfortable co-molded handles allow users to easily change positions with just one hand

Swiveling pulley promotes natural ergonomic movement
